# **Building the home of the future: faster and more sustainably**

Amit Haller

Veev

Co-founder & CEO

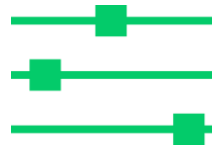

A modern, bright interior space, likely a kitchen or dining area, featuring large windows, a kitchen island with a white countertop, and a staircase with wooden steps. The scene is overlaid with a semi-transparent dark blue filter. The text "Veev has completely reinvented the way homes are built." is centered in white. The Veev logo is at the bottom center in green.

Veev has completely reinvented the way homes are built.

Veev

# Turning Homebuilding on its Head

Speed to Design  
Single-family &  
Townhomes

Up to 6x Faster  
Than traditional  
construction

Sustainable  
50% lower on CO<sub>2</sub>e &  
net zero targets

Exceptional Quality  
Above & beyond  
existing standards

# Speed to Design

## Veev Studio

### Customization platform

- Adapts existing reference designs based on builder requirements
- Aligns existing plans to the Veev System
- Outputs directly to the digital twin

### Digital twin

- Gives a precise picture of everything at all times
- Sends instructions exactly – CAD-to-CAM and flows to the Digital Fab for production
